ECOpole’26

SEMICONDUCTORS / SUSTAINABILITY
CROSS-BORDER COOPERATION

9–11 DECEMBER 2026

TECHNICAL UNIVERSITY OF LIBEREC · Czech Republic

Where semiconductor innovation meets new partners.

Located at the Czech-German-Polish tri-border, close to Dresden and the growing ESMC semiconductor ecosystem, ECOpole’26 brings together companies, universities, researchers, young talent and regional representatives to build new cross-border partnerships.

WHY COMPANIES SHOULD JOIN

- Meet potential business, technology and R&D partners from Czechia, Germany, Poland and beyond.
- Present your company at the exhibition and networking area.
- Limited 5-minute company presentation slots on 9 December are still available.
- Meet students, graduates and young researchers.
- Join specialised company and research-site visits.

FOR REGIONS & PUBLIC SECTOR

- Exchange experience on regional semiconductor ecosystems, resilient supply chains, talent and innovation.
- Develop new cross-border projects, investment links and R&D cooperation.
- Discuss how regions can benefit from the growth of the semiconductor ecosystem around Dresden.

THREE DAYS OF CONNECTIONS

09 DEC | BUSINESS & NETWORKING

Company exhibiton & networking
Industry and company flash presentations
Networking dinner

10 DEC | EXCURSIONS

- CXI-TUL + UCT Fluid Delivery Solutions
- CRYTUR + asphericon
- HSZG Zittau

11 DEC | RESEARCH

Research programme
Poster session
Young Researchers Forum

INTERNATIONAL SPEAKERS & EXPERTISE

Technical University of Liberec • Stanford University • National Chung Hsing University, Taiwan • Fraunhofer IPMS Dresden • TU Dresden • HSZG Zittau/Görlitz • CEITEC VUT • Polish Academy of Sciences

MEET THE ECOSYSTEM.
BUILD NEW PARTNERSHIPS.

Customers · Suppliers · Researchers · Talent
