We're excited to announce our upcoming event - UWB in action!

UWB is evolving at lightning speed and we're bringing the latest breakthroughs straight to you!

REAL WORLD INSIGHTS

Learn about companies using UWB at scale, including a top European retailer, Germany's railway operator, and a festival app provider.

STATE OF THE TECH

Join experts from IEEE, FiRa, and omlox to discuss the current state of UWB and its future direction.

HANDS-ON EXPERIENCES

Experience UWB technology and see how it changes daily life — from smarter retail to seamless travel.

THE NEXT CHAPTER

Learn how Apple and Google are opening UWB APIs, bringing the technology mainstream with new mobile applications.
